

NH Maple Month Coloring Sheet

Maple Trees & Sap

The only ingredient in pure maple syrup is sap from sugar maple trees. Can you draw a tree for these sugar maple leaves?

How much sap?

Count the buckets to see how many gallons of sap are needed to make 1 gallon of maple syrup

_____ buckets of sap

A gallon is the size of a big jug of milk!

How do you use NH maple syrup?

Complete this activity sheet for a chance to win a prize!
