

NH Maple Month Coloring Sheet

Collecting Sap

Did you know that the only ingredient in maple syrup is sap from sugar maple trees? Some maple producers use buckets to collect sap, while others use tap lines that feed sap a large container.

Color the tree, bucket and state. Be creative!

Complete this activity sheet for a chance to win a prize!
Have your parents either mail your completed form to NHMPA Contest, 6 Taylor St, Manchester, NH 03103 or have them take a photo and email it to nhmpacontest@gmail.com. Sheets must be received by April 15, 2020.

Child's Name & Age _____

Contest sponsored by the NH Maple Producers Association.

How Much Sap?

buckets of sap

makes

gallon of maple syrup

Maple Syrup Grading

Although sap is clear, maple syrup can come in different colors. Variations in taste and color are due to weather, soil, climate, point in season, boiling and more

Golden
(yellow)

Amber
(orange)

Dark
(light brown)

Very Dark
(dark brown)

Color each jug above for one of the 4 grades of maple syrup.

How do you use NH maple syrup?
